

# DFS PLUS

## DIESEL FUEL SUPPLEMENT WITH SURFACTANT

### BENEFITS:

- **Controls water**
- **Reduces possibility of bacteria and fungi growths in fuel and fuel tanks**
- **Reduces possibility of ice formation in cold weather**

**DFS PLUS** with surfactant is highly concentrated to control water in diesel fuel by absorbing water into the fuel so that it can be combusted. Water in diesel fuel is formed by atmospheric conditions as well as hot return fuel (used to cool the injectors) causing condensation in fuel tanks.

**DFS PLUS** can be used with any type of diesel fuel

### **Recommended Treat Ratio:**

8 oz. **DFS PLUS** treats 240 gallons of diesel fuel.

1 gallon treats 3,840 gallons of fuel.

Always add the product to the fuel tank prior to filling to assure good mixing.

**We Made It First. We Make It Best.**
