# 4. FIRST-AID MEASURES

**First Aid Measures** 

Eye Contact Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.

Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a

poison center or doctor/physician.

Skin Contact Wash off immediately with plenty of water for at least 15 minutes. Remove contaminated

clothing and shoes. If irritation persists, seek medical attention.

**Inhalation** Remove to fresh air. If breathing is difficult, give oxygen. If breathing has stopped, give

artificial respiration. Get medical attention immediately.

**Ingestion** Do not induce vomiting. Rinse mouth. Immediately call a poison center or doctor/physician.

#### Most important symptoms and effects

**Symptoms** Causes skin irritation. May be harmful in contact with skin. Causes serious eye irritation.

May aggravate pre-existing liver and kidney disorders.

For Chronic Exposure. May cause Central Nervous System (CNS) depression. Excessive

inhalation may produce dizziness, nausea, headache, and incoordination.

#### Indication of any immediate medical attention and special treatment needed

Notes to Physician Treat symptomatically.

#### 5. FIRE-FIGHTING MEASURES

#### **Suitable Extinguishing Media**

Carbon dioxide (CO2). Dry chemical. Foam.

Unsuitable Extinguishing Media Water may be ineffective, but can be used to protect firefighter and cool containers.

## **Specific Hazards Arising from the Chemical**

Combustible liquid. Never use welding or cutting torch on or near drum (even empty) because product (even just residue) can ignite/explode.

Hazardous Combustion Products Carbon monoxide. Carbon dioxide (CO2).

# Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions Remove all sources of ignition. Observe all personal protection equipment

recommendations described in Sections 5 & 8.

Revision Date: 19-Aug-2014

**Environmental Precautions** 

Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13: DISPOSAL CONSIDERATIONS.

### Methods and material for containment and cleaning up

**Methods for Containment** Prevent further leakage or spillage if safe to do so.

**Methods for Clean-Up** Take up with sand or other non-combustible absorbent material and place into containers

for later disposal. Use clean non-sparking tools to collect absorbed material.

### 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on Safe Handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with

skin, eyes or clothing. Use personal protection recommended in Section 8. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wash face, hands, and any exposed skin thoroughly after handling. Keep away

from heat/sparks/open flames/hot surfaces. — No smoking.
