

To treat ethanol-blended gasoline, Which additive is right for you?

There are lots of additives for ethanol fuel and they all claim to be the best. Here's how they compare.

ETHANOL TREATMENT		ETHANOL DEFENSE	STAR-TRON	SEAFOAM	AMSOIL QUICKSHOT	STP GAS TREATMENT	STA-BIL 360 PERFORMANCE
	More mileage and power						
	Prevents ethanol damage						
	Removes water without alcohol						
	Cleans injectors and deposits						
	Prevents ethanol phase separation						
	Backed by over 100 years of experience						
	Low treat rate						
		1 oz per 10 gal	1 oz per 6 gal	2 oz per 1 gal	8 oz per 12 gal	12 oz per 28 gal	1 oz per 5 gal
	Low cost to treat (cost to treat 20 gallons)						
		\$1.72	\$3.33	\$19.97	\$14.91	\$4.51	\$3.12

 = Best Choice

 = Acceptable Choice

The Choice Is Clear

Ethanol Defense from Bell Performance does more - for less - than any other ethanol fuel treatment.

It's your best choice to prevent ethanol problems and enhance all your ethanol fuels.
